None _____

Good day,

We are trying to start an Electronics and HamFest on the coast of Washington. The Harbor Ham U, is a brand new group who want to bring fun back to ham radio in our area.

Send no payments at this time booth fees will be collected at set up.

For more information call Base Station @ 360-591-1598, or email HoquiamHamunclub@gmail.com

Grays Harbor

Electronics and Hamfest / Fleamarket

We have a small local ham shop, (Base Station) who is helping to host this. We have space for 36, 10x10 pop ups in the area we're intending on being. We plan on bringing in a couple of food trucks and there are lots of local restaurants for people. We have one hotel within walking distance of the Fest. Ocean Shores is a short hop away if you want to stay overnight, or if your significant other doesn't want to play radio.

Each space will only be \$10 for a single or \$18 for a double.

Entrance to shoppers will be free.

Sales of illegal items such as pirated software, video decoders will not be tolerated, and sellers suspected of illegal sales will be subject to prosecution by local authorities.

We are fully Handicap accessible.

Alternative Activities:

1. Just a stone's throw away from where we are set up is Lion Guard Gaming, a game store in Hoquiam, Washington specializing in Buy/Sell/Trade Video Games, board, and card games as well as tabletop type gaming including Warhammer, Star Wars and Marvel.
2. There is a Historic Theatre across the street available for tours.
3. The Polson Museum is located a short drive away and is the coasts pre-eminent logging museum.

VE Testing session starts at 12:00pm in the Base Station or the 7th Street Theatre depending on turnout.

Thank You
Joseph Brand
