

Salmoncon V, 9- 12 July, 2010

Schedule of Events

By Wayne, NB6M

8 June, 2010

Salmoncon V

- Valley Camp, 49515 SE Middle Fork Road, North Bend, WA 98045
425-888-1852
info@valleycamp.org

The center of the RV Campground is located at: 47.4650 N / 121.6797 W

- Campsite reservations have been made for both RVs and Tents.
- Presentations will occur in the Cedar Grove group shelter.
- A computer projector and screen and a sound system are available.
- Portable Stations will be set up in the group shelter and in other locations.
- Special Event Callsign K7S has been reserved for Salmoncon once again.

Suggested Items to bring for Radio Activities

Given the fact that there is a tower and beam with rotator available for us, as well as tall trees with pulleys already installed, both near the group shelter and the RV camp ground, we will have the opportunity to get several portable stations on the air.

Do bring either complete portable stations, antennas, favorite paddles, or any other radio related items that would help provide the variety of rigs, stations, and station equipment that we all enjoy seeing and trying out.

We may even have a "hike to" portable station event, so plan accordingly.

Suggested Items For Individuals to Contribute Towards Meals

Juices

Fresh Fruit

Dessert Items

Munchies

Salads

Paper Plates

Paper Napkins

Friday, 9 July 2010

- **Early arrivals check in and set up individual campsites and stations.**
